As a leader in innovation, Strongarm is committed to providing an environment for professional development. We encourage all qualified candidates to apply for the opportunity to join our team in a rapidly growing industry.

**JOB TITLE:** HASS CNC Machine Operator

**JOB LOCATION:** Horsham, PA 19044

## **JOB REQUIREMENTS:**

- 2-5 years prior machining experience
- Working knowledge of G and M command codes
- Ability to read engineering prints
- Ability to use and read various measuring devices such as calipers, depth gauges, and protractors
- Ability to stand for 2+ hours at a time and lift up to 50 lbs

## **JOB DESCRIPTION & RESPONSIBILITIES:**

Operate HAAS CNC machining centers to produce parts from various materials including fabricated and cast aluminum, stainless steel, and cold rolled steel. This position reports directly to the Manufacturing Manager.

- Program command codes, set up and operate machining centers
- Ensure proper machine maintenance according to the maintenance schedule and operator manual
- Assist in tracking the stock levels of supplies and raw materials to ensure an adequate level of inventory
- Ensure designed machine tolerances, quality, and aesthetic standards are met for our custom, made-to-order products
- Complete non-conforming material reports for incoming materials that are defective or do not meet required specifications
- Perform all job duties according to Strongarm's policies and procedures

### **COMPENSATION PACKAGE:**

- Competitive pay rate based on experience and certification
- Personal time off (including sick days and personal days)
- 401K plan available
- Health insurance, including dental and vision
- Eligible for twice-yearly bonuses and yearly wage increases based on timely performance reviews

**APPLY ONLINE**
