We encourage all qualified candidates to apply for the opportunity to join our team in a rapidly growing industry.

JOB TITLE: Weld Studding and PEM Inserter Operator

JOB LOCATION: Horsham, PA 19044

JOB REQUIREMENTS:

- Prior machining experience is a plus
- Working knowledge of thread sizes (ie 8-32, 10-32)
- Ability to read and understand engineering prints
- Ability to use and read various measuring devices such as calipers, tape measure, etc
- Working knowledge of sheet metal gauges a plus
- Ability to stand for 2+ hours at a time and lift up to 50 lbs

JOB DESCRIPTION & RESPONSIBILITIES:

- Set up and operate weld stud gun machine to weld studs to various types of sheet metal
- Set up and operate PEM inserting machine to press various types of hardware into sheet metal
- Ensure proper machine maintenance according to the maintenance schedule and operator manual
- Assist in tracking the stock levels of supplies and raw materials to ensure an adequate level of inventory
- Ensure quality and aesthetic standards for our custom, made-to-order products
- Perform measurements and inspections to adhere to work order, engineering print, and specifications including flatness, parallelism, and dimensional tolerances

- Complete non-conforming material reports for incoming materials that are defective or do not meet required specifications
- Perform all job duties according to Strongarm's policies and procedures
- This position works closely with the welding and press brake teams

COMPENSATION PACKAGE:

- Competitive salary based on experience
- Personal time off (including sick days and personal days)
- 401K plan available
- Health insurance, including dental and vision
- Eligible for twice-yearly bonuses and yearly wage increases based on timely performance reviews
